

The successful completion of Aster Homes

#AsterVolunteersDisasterAid

Aster Homes is a compassionate mission launched by our visionary Chairman Dr. Azad Moopen to support the inundated state of Kerala and its people. A promise was made to build 250 homes for people who had lost their roofs and shelters to the disastrous flood. The walls were raised with care and love to rebuild their future. After four years, more than what was promised was delivered by building **255 homes across 9 districts in Kerala**. The mission was finally concluded with 37 cluster homes built on around 1.37 acres, inaugurated by the Chairman, Dr. Azad Moopen.

The completion of this astronomical project was possible only because of the immense support from Kerala Government, Asterians around the world and the land donors who shared the same sight with us. The Declaration Program was initiated by the Hon. Governor of Kerala, Shri. Arif Mohammed Khan in the presence of Minister of Law, Industries and Coir, Shri. P. Rajeev and Adv. V D Satheesan, Leader of Opposition, Kerala Legislative Assembly. **Aster Homes now stand as a testament to what nature destroys, humanity rebuilds.**

Click asterhomes.org to know more about beneficiary stories, the location of the homes, land donors who shared the same goal with us, and the entire process of this milestone project.

Relief missions to the calamity inflicted

#AsterVolunteersDisasterAid

Aster Volunteers for Assam

As the floods created significant destruction in Assam, Aster Volunteers representing Aster DM Healthcare units across different geographies partnered with the Rotary Club of Silchar, Assam and other local NGOs to assure its support to the flood-inflicted state in 3 phases. A donation amount of 1cr by the Asterians and Aster DM Healthcare was raised to support the mission in the month of July - August, 2022.

In the first phase, medical camps and the distribution of emergency preparedness kits were held in Silchar and Barack Valley which saw over 1,500 beneficiaries. In the second and third phases of the mission which was held for five days, Ultrafiltration Water Units were installed in Rotary Robijul Ali Academy, Joydev Balika Vidya Mandir, Kacha Kanti Secondary School, Adarsha Vidyaniketan School, and the Central Jail of Assam. These water filtration units will not only help the sheltered flood victims in the relief camps or students but also neighboring communities enabling them to the potable water.

Emergency preparedness kits and solar lights were also distributed to the fishermen and agrarian community members to help them practice their profession easily at night. Through the aid over 5,500 people benefit from clean and drinkable water every day, and over 2,000 people benefit from solar lights in their daily lives. The total direct beneficiaries are around 10,000. We thank all the Asterians who were involved by travelling the distance and making efforts to help the people of Assam and turning the mission successful.

Support Fujairah

On 28th July 2022, the city of mountains and scenic beauty Fujairah experienced record-breaking torrential rain. Residents suffered as their houses were swamped with grime brought by the floods. Through the Support Fujairah initiative, Aster Volunteers answered the rain victims' call of anguish. In this three-day mission, 9 Aster Volunteers traveled from Dubai to associate with Youth India Fujairah and Aster Clinics, Fujairah, to clean and disinfect the damaged houses. Our defenders of humanity thoroughly spruced up the houses of Mr. Manoj Alex, Mr. Uday Kumar, and Mr. Muralidharan, bringing their homes back to livable condition. The families appreciated our heroes' kindness and their smiles fueled us to strive ahead on the path of selfless acts.

Care On Wheels

#AsterVolunteersTreatmentAid

The initiative which started with the notion to reach underserved people on their doorsteps took the shape of Aster Volunteers Mobile Medical Services. Having been able to knock on the doors of many underprivileged, Aster Volunteers Mobile Medical Services has reached many miles and milestones to bring kindness and hope to humanity.

In August, AVMMS set up 329 camps across countries and helped 23,916 beneficiaries, bringing health to their doorsteps.

Making Miracles Happen

#AsterVolunteersTreatmentAid

As we strongly believe that every human or child across the globe has a fundamental right to healthy living, we maintain our core values by helping those underprivileged who cannot bear the expenses of advanced medical services.

The treatments are conducted every month. In the month of August, treatment aid worth XXXX was provided to conduct XXXX surgeries. These surgeries have benefitted XXXX people, helping them see new vigour in life.

My India Healthy India

#AsterVolunteersBelong

As India celebrated its 75th Independence Day, Aster Volunteers initiated the My India Healthy India campaign to commemorate 75 years of Independence. As a part of the drive, Aster Volunteers conducted 75 minutes of Yoga and Zumba sessions at Aster Hospitals across India and UAE to encourage its staff to indulge in hearty and hale habits for a better living. We thank all the staff from hospitals for making this campaign a grand success by attending them.
