#AsterVolunteersMobileMedicalServices

The healthcare crisis in Lebanon is worsening due to various socio-political uncertainties, leading to a scarcity of medications and expensive medical facilities. This situation has made it difficult for the less fortunate to afford basic healthcare services. In response to the pleas for assistance, Aster Volunteers and The Big Heart Foundation have joined forces to launch **Aster Volunteers Mobile Medical Services Lebanon**.

This initiative aims to provide healthcare services to the people of Lebanon. The flag off event was inaugurated by **Dr. Azad Moopen**, our Chairman, in the presence of **Ms. Mariam Al Hammadi**, Director of The Big Heart Foundation, **Mr. Elie Yared**, USJ representative in UAE, and other esteemed guests.

Our latest mobile clinic unit, equipped with advanced technology and solar power, will be deployed in Lebanon to bring smiles and promote good health among its citizens.
